a Spike-to-spike variability

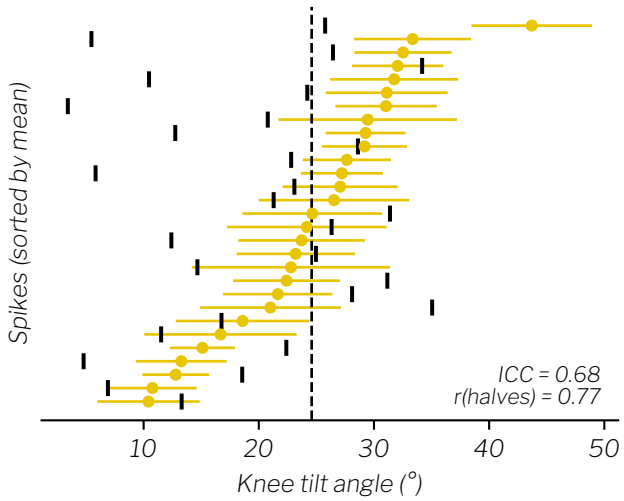

b Fluctuation within each trajectory

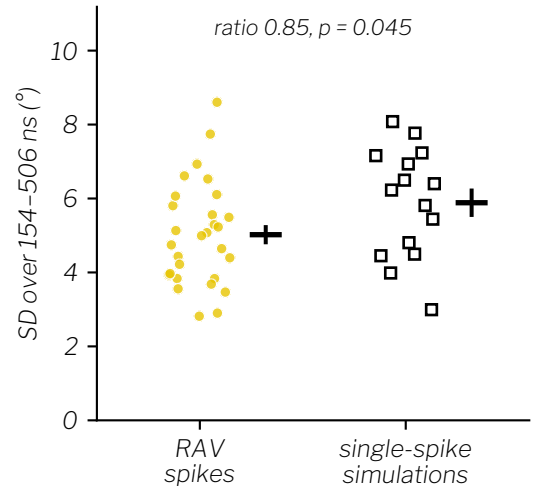

c Evolution from the initial structure

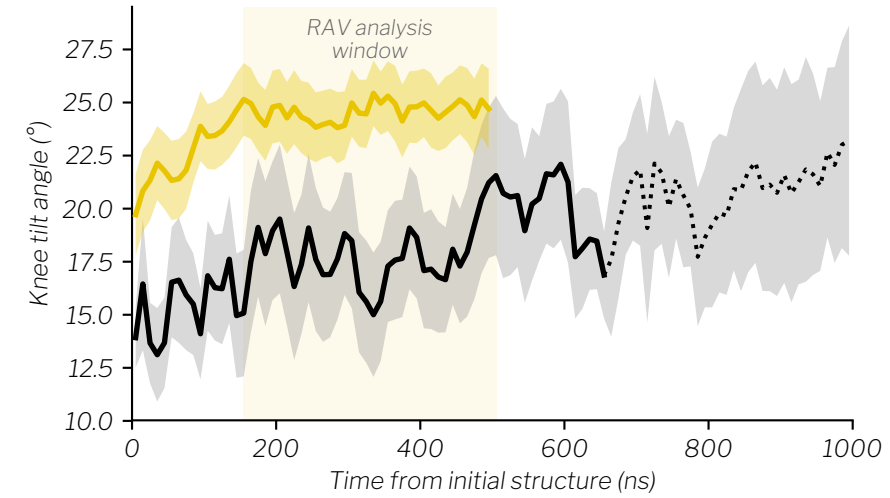

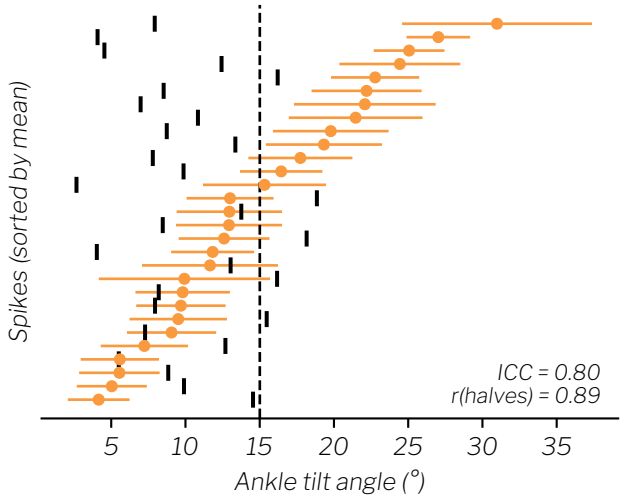

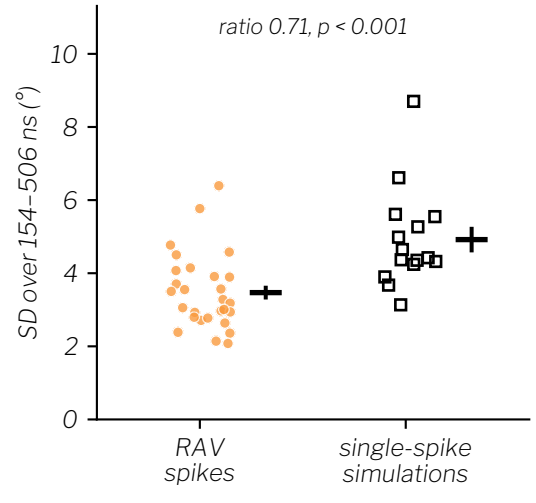

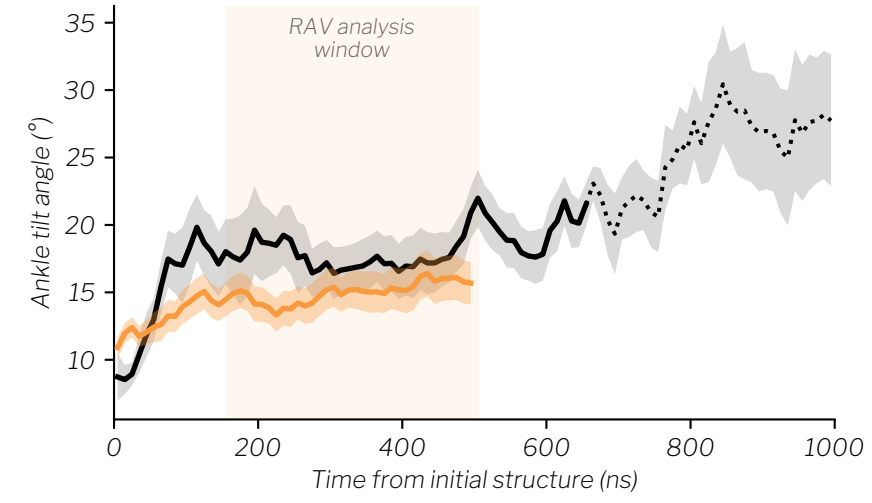

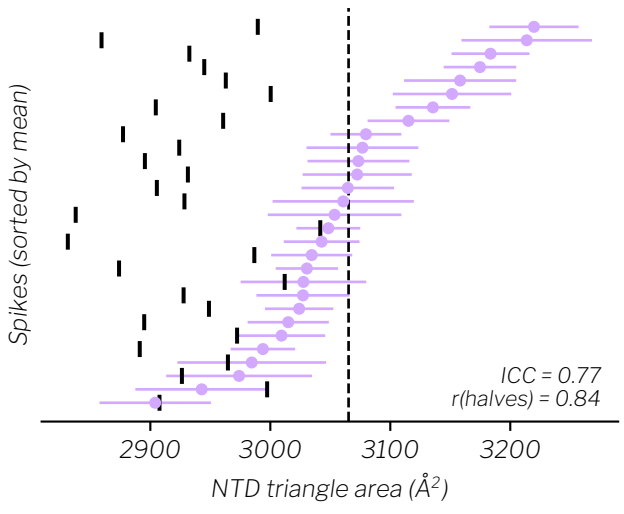

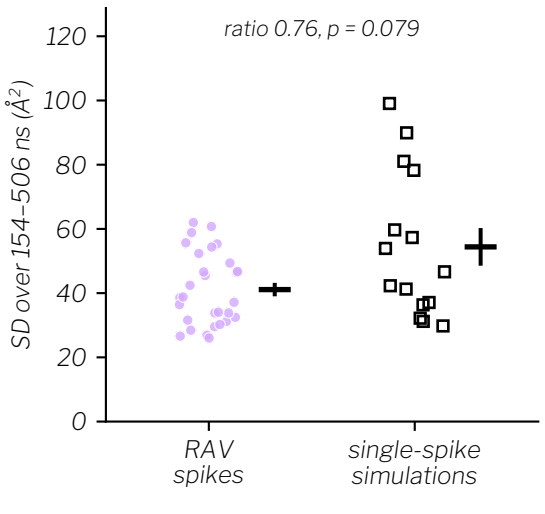

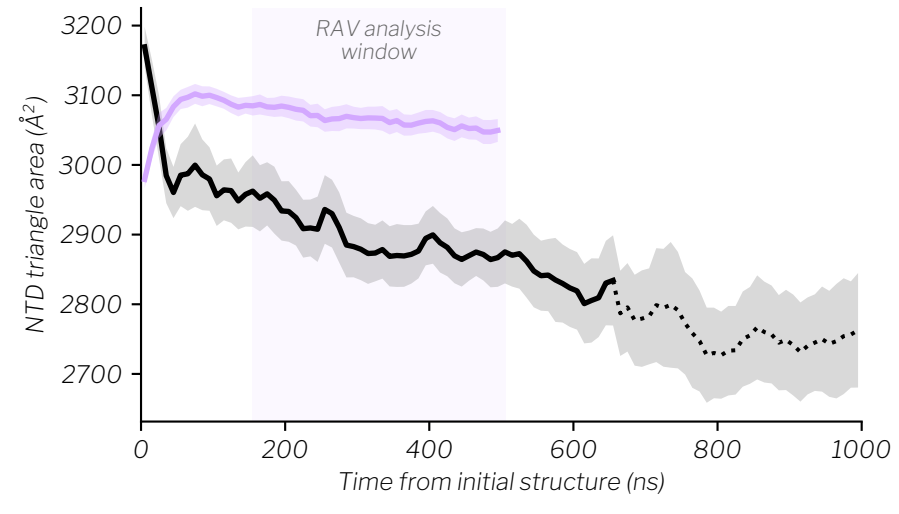

value at first frame (t = 0)
RAV ensemble mean
RAV spike mean ± SD (row colour)

RAV spike (row colour)
single-spike simulation
mean ± SEM

RAV, mean of 29 spikes (row colour)
single-spike simulations, mean of 9–15
single-spike simulations, mean of 3–8
